

Meadow Springs Fixed-line Serving Area

WESTERN AUSTRALIA

Key:

- Fixed-line covering area* - Service available
- Fixed-line covering area* - Build commenced

* This map identifies areas where NBN Co has commenced building its fixed-line network. Build commenced means that NBN Co has issued contract instructions to construction partners so they can commence work in this area. From the start of construction until the network is activated, NBN Co undertakes construction steps that may result in changes to the design of the network and movement of the boundaries. This map may be updated in future if there are such boundary changes. As a result this map is for illustrative purposes only and is not suitable for legal, engineering or surveying purposes.
